Now we shall know How-To access it
1. Right click on the drive (e.g your DVD drive) where you have inserted your Windows XP CD & click 'open' or 'explore'
2. Open the folder named 'I386'
3. Search for a file named 'UNATTEND.TXT' which opens with notepad. Scroll down where you get to see the product key at the end of the file.
get to see the product key at the ond of the me.
